SPEAK OUT!

~A day for raising **our voices** against sexual violence~

Speak Out is about empowering and honoring survivors of sexual assault, sexual harassment, dating and domestic violence, and stalking by providing a safe space that allows survivors to find their voice and share their stories. At **Speak Out** survivors are able to express their selves in a respectful and supportive environment. **Speak Out** also provides an opportunity for the community to unite and hear the voices of survivors, with the goal of breaking the silence that surrounds these issues.

Please come to share your stories or provide community support by listening to others. We need survivors and community members for **Speak Out** to be successful!
